Even Democrats have something to be thankful for. It might have been worse.

The earthquake in Japan, Oct. 22, killed 482 persons and destroyed 2155 houses.

Miss Mary Stevenson, the Vice-President's daughter, is critically ill at Asheville, N. C.

Rubinstein, the great Russian pianist and composer, is dead at St. Petersburg. Aged 64 years.

Col. W. O. Bradley jumped from the steps of a moving train last week, and had a narrow escape from death. Same here, Billy. Shake!

FRANCH, the Spanish anarchist who threw a bomb into a Barcelona theatre and killed twenty people, a year ago, was garroted Wednesday.

GEN. WEY, who lost the battle at Ping Yang, has lost his head, by order of the Chinese Emperor. This is one Wey of punishing cowardice.

The Southern Magazine is in hard lines, and will probably consolidate with a Northern Magazine. The November number is not yet out.

Mrs. Cutbert Bullitt has gained some more notoriety by withdrawing her suit for divorce. They've made up.

EDITOR STAIRS, of the Dover Searchlight, has become a sort of Golden Stairs, so to speak, by marrying a widow with \$100,000 in gold in her own name.

When a woman's suffragist becomes an anarchist is explained as follows: Sweet Anna was, as many know, a woman suffragist; But when sweet Anna got a bean, She was an Anna kicked.

—Paducah Standard.

It is understood that Mrs. Cleveland will be compelled to retire from society again this winter in anticipation of an interesting event that is expected to occur in March next. Several ladies of the diplomatic corps will be missed this winter for the same reason.

That scheme to have both Clay and Hardin withdraw in favor of McCreary for Governor, to insure harmony next year, has been nipped in the bud. Mr. McCreary declines to be considered in the deal and expresses the opinion that either of the present candidates can be elected by a large majority.

The subject of Col. Breckinridge's lecture will be "Ten Years Among Tariff Reformers." If he means the ten years from 1884 to 1894, this attempt to prove an alibi comes too late. The public understands pretty well that much of Willie's time during the last ten years was not spent among "tariff reformers." Some of it was passed—but that's no matter now.

The Covington Commonwealth is keeping tally of the papers opposed to the secret ballot. It may add the KENTUCKIAN to its list. It opposed the present constitution on account of the secret ballot provision, and it stands ready to do all it can to obtain the repeal of the obnoxious clause. The old viva voce plan, open and manly, was good enough for us.

The Courier-Journal has felt called upon of late to reply editorially to certain criticisms in the Owensboro Messenger, Paducah Dispatch and other State papers. Mr. Watterson for once finds himself on the defensive and forced to explain things that have appeared in his columns to the injury of the Democratic cause. There was a time when the country press blindly followed wherever the Courier-Journal led, but this is no longer the case. The rural roosters have found out that Mr. Watterson is just as prone to error as they are and have learned to do their own thinking. The Courier-Journal may begin now to prepare itself for a signal defeat if it expects to stifle free silver in the next State convention. Kentucky is not a goldbug State and the Courier-Journal will find itself almost alone in its opposition to silver.

Prayers for rain were offered in all of the churches of Dallas, Tex., Sunday.

Oh, my! Wouldn't those Mexican editor-critics like to get hold of Jack Collier?

A Republican millionaire named Addicks, is after the seat in the senate now held by Higgins, of Delaware.

Dr. Clardy crowded Col. Hendricks for that "banner district" honor. Clardy's plurality was 3032 and Hendricks' 3118, only 86 greater.

Yale defeated Harvard by a score of 12 to 6 in the match game of football Saturday. Many of the players were hurt, one of them very seriously.

The Logan recently eaten by Mexican cannibals was not the Louisville editor. The hungryst of cannibals would not dare tackle Emmett until he could be put through a fattening process.

R. E. Robinson, a newspaper correspondent, and Jas. Logan traveling with him, are said to have been eaten by cannibal Indians on an island off the coast of Mexico. If Robinson was an average newspaper man and had his cheek with him, some savage must have lost his front teeth during the meal.

Who says the KENTUCKIAN is not a newspaper of "some importance?" By holding over some of our full-page advertisements until next week, we are barely able to get along with twelve pages this time. And still the holiday rush for space is just beginning.

It is still a matter of doubt who has been elected governor of Tennessee. The Democrats claim to have discovered gross frauds in the Republican counties, where thousands of unregistered voters were allowed to vote in defiance of the State law. The legislature will count the vote, and if Evans was elected by fraud he will not be allowed to qualify.

Mr. BAND and Miss Hoop eloped from Livingston county and were married the other day. With names like those, they were doubtless well fastened together.

## Danger From Catarrh.

The most important feature about that very common complaint, catarrh in the head, is its tendency to develop into some other more serious and dangerous disease. The foul matter dropping from the head into the bronchial tubes or lungs is very liable to lead to bronchitis or consumption, that destroyer which causes more deaths in this country than any other disease. As catarrh originates in impurities in the blood, local applications can do but little good. The common sense method of treatment is to purify the blood, and for this purpose there is no preparation superior to Hood's Sarsaparilla. The powerful action of this medicine upon the blood expels every impurity, and so doing cures catarrh and gives health to the entire organism.

## Blood Poison

After Approach of Death, New Life by Taking Hood's.

Mr. Wm. E. Greenholtz, Baltimore, Md.

"For four years I was in intense suffering with an abscess on my thigh. It discharged freely and several times.

Places of Bone Came Out. Last February I had to take my bed for four weeks, and then it was I began to take Hood's Sarsaparilla. I soon got on my feet, but was very weak and went to the Maryland University hospital, where they said my trouble was chronic blood poisoning and gave me little hope. I returned home and continued taking Hood's. I have used six bottles and the abscess has entirely disappeared, and I have been in fine health ever since.

I know if it had not been for Hood's Sarsaparilla I should be in my grave. I have gained in weight from 147 a year ago to 170 pounds to-day.

## Memorial of Mrs. James M. Glass.

The ladies of the Ninth Street Presbyterian church, and especially of its Missionary Society, desire to place on record an expression of our affection for, and great sense of loss in the death of Mrs. James M. Glass. Her life has been passed before us. The daughter of a devoted christian mother, she was in infancy baptized in the Presbyterian church, whose doctrines she loved and adorned through a long christian life.

Who that knew her doubted her deep devotion to the Master, to his cause and people.

She was faithful to every duty. In all her home life as friend, neighbor, and in loving service in the Sunday School, in her church societies she set forth the beauty of her christian life. It is especially sad to the older ladies of the church to give up one whose counsel was ever just and true, whose companionship was comforting, whose beautiful hospitality was a blessing to all who came within her home. Let us emulate her example, closing up our ranks and following the blessed Master whom she so lovingly served, looking unto the crown and victory which now are hers.

MRS. KATE HENPE,  
MRS. ALEXANDER,  
MRS. HICKMAN,  
Committee.

## DEATHS.

COLLEY.—Mr. Geo. Colley, of Canton, a young man about twenty-two years of age, died November 19, after a brief illness.

COLE.—Captain D. Armistead Cole, one of the oldest conductors on the L. & N. system, died of rheumatism of the heart, at his home in Nashville, last Thursday night, after an illness of about two weeks. Capt. Cole was about 50 years old and had been in the L. & N. service for more than twenty years. He conducted a passenger train on the St. Louis division for a number of years and was well and favorably known by the traveling public. He was held in the highest esteem by the railroad as well as by all who ever had the pleasure of his acquaintance. For the last two years he had been running between Nashville and Birmingham. The remains were taken to Franklin, Ky., for interment Friday.

BEAZLEY.—Mr. R. H. Beazley, the only son of Mr. Joseph Beazley, of Lafayette, died suddenly of heart failure Friday night. He was thirty-five years old and leaves a wife and two small children. Mrs. Beazley and children, who have been visiting relatives in Arkansas for several weeks, were telegraphed the sad news and are expected to arrive to-day, when the interment will take place at the family burying ground near Lafayette. Mr. W. N. Duckert, of this city, went down Saturday morning and embalmed the body.
